

Asbestos Awareness Training

Do your employees work in areas where they may be exposed to asbestos?

Do you know how to identify asbestos?

Do you know what you're legally required to do if you or an employee encounters asbestos?

OH&S Consulting is currently facilitating **face to face** Asbestos Awareness training either **at your premises** or a training venue can be arranged.

Upon completion of this course participants should be able to:

- Identify common areas where asbestos and asbestos containing materials may be present.
- Understand the difference between friable and bonded asbestos.
- Recall regulations and procedures for controlling asbestos.
- Understand the health risks, hazards and effects of asbestos.
- Understand risk assessment and control of work areas containing asbestos.
- Understand safe practices for working with asbestos.
- Be able to appropriately respond should asbestos be found in the workplace.
- Recognise the requirement for asbestos registers & plans.
- Understand when you can and cannot remove asbestos.

On successful completion of this course, participants will be issued with a Certificate of Attendance.

COURSE COSTS

INDIVIDUALS:

Generally our courses are not a public course but if you do wish to book an individual please contact us and we will discuss available options with you and costings.

GROUPS (Discounts apply for Large Groups):

We can come to you to perform the training or you can come to us at our West Perth Training Venue.

N.B if training venue is greater than 20km's from the metro area an additional travel cost will be charged. *Please contact the office.*

A minimum of 7 persons per training course is required. *If a smaller number of people wishing to attend then there will be additional costs as detailed below.*

To ensure your place on a course, pre-payment is required
